And that was sent between January 1, 2016, and the date you process this request.

Please consider the entire email “threads,” and any attachments, as responsive to this request, regardless whether any part of that thread falls outside the cited search parameters.

Please produce responsive information as it becomes available on a rolling basis but consistent with the prescribed timelines of the Freedom of Information Act.

Should you decide to invoke a FOIA exemption or withhold or redact any responsive records or parts thereof, we request that you: (1) identify each such record with specificity and/or date, author, recipient, and parties copied); (2) explain in full the basis for withholding responsive material; and (3) provide all segregable portions of the records for which you are claiming a specific exemption. Please correlate any redactions with specific exemptions under FOIA.

If you determine that portions of certain documents are exempt from production, the remainder of said documents should be produced nonetheless along with explanations justifying each exemption, including the specific FOIA provision justifying the exemption. 5 U.S.C. 552(b).

Should the fees exceed this amount, please call me with an estimate of the total costs in order that specific expenditures beyond \$250 can be authorized.
